Great Success.

Are four daughters pule, weary, languid? Do they have much herdache and backache during their monthly portiods? These are Nature's warnings to all sensible mothers. They need a pure, gentle, in-The following letter of Miss Carson will interest every woman, 847 Columbus, Ave., New York, Jan. 10, 1902,

Gendement During the past summer I became very much run down in health and lost about thirty pounds. I suffered untold agony. Duffy's Pure Malt Whiskey was recommended to me by a friend, who said it saved her life. I had my doubts about it, but thought I would rry it. I am new on my fourth bottle, and I must say that it has done me more good than all other medicines, and I tried several. I had a cough, the doctor said my lungs were affected; I had indivenien, backache and beadache, and was greatly troubled with painful menstruction, I also had numbness in my limbs. As soon as I began to take Dury's Mait Whiskey I feli better, until now my cough has all left me and my lungs are perfectly sound. I have no more hendache or backache and I don't know what cale is. I can sat anyther and I don't know what pain is. I can sat anything and it agrees with me. I am convinced all my troubles same from impovershed blood and poor cir-culation. I think your whiskey is the greatest medicine on earth. Every woman should know about it.
I recommend it to ony one who suffers as I did, as
I think it is a godsend to women. Gratefully yours,
CLARA M. CARSON.
